Mental Health Therapist

LOCATION: Ukiah

REPORTS TO: Clinical Director and Shelter Program Director

THE AGENCY: The Youth Project is a joint powers agency that works in collaboration with a private non-profit, Mendocino Family and Youth Services. Its mission is to support the development of healthy youth. We offer opportunities for children, adolescents, and their families to acquire the guidance and skills they need to enhance self-esteem and establish healthy relationships so they may contribute to and strengthen our diverse community. The agency has been in existence since 1974, providing services throughout Mendocino and northwest Sonoma counties. Current services include a 24-hour youth crisis program with respite care, youth drop-in centers, school-based prevention education, intervention and treatment programs around children, youth and young adult mental health issues, alcohol, drug, and tobacco use prevention and treatment, family support services, positive youth development and outpatient mental health services.

THE PROGRAM: The Mental Health program provides comprehensive mental health services and case management for youth, ages 18-24 who live in our transitional houses. The program uses the "Positive Youth Development" approach to work towards obtaining a high level of involvement from the residents, resulting in a successful transition to more permanent housing. Residents are provided with supportive services including: transitional living planning assistance, life skills education, assistance in preparing for and obtaining employment, group and individual counseling, education and counseling designed towards prevention and treatment of substance abuse and referral to other resources so that they can increase their job and life skills.

THE POSITION: This is a full time exempt position. This position works with the transitional age youth (18-24 year olds) in our housing programs. Clinicians provide comprehensive mental health services to clients. Clinicians are responsible for providing the primary therapy and case management for each client, and for the accurate and timely maintenance of the client's records. Clinicians are responsible for meeting established goals for direct services.

DUTIES AND RESPONSIBILITIES:

- Complete some client referral and intake paperwork, including valid and informed treatment consents and HIPAA-compliant releases of information, accurately and in a timely manner.
- Perform diagnostic biopsychosocial assessments for each assigned client that document medical necessity, and update annually or sooner if needed.
- Develop client-centered treatment plans and measurable treatment objectives with each client and their caregiver, and update every six months or sooner if needed. Treatment plans and measurable objectives will address the client's assessed condition.
- Provide individual therapy, family therapy, group therapy, collateral therapy, crisis counseling, case management, rehabilitative, and other adjunctive services for clients, as indicated by their assessments and treatment plans.
- Intensive Care Coordination (ICC) as appropriate
- Maintain accurate and timely client progress notes documentation consistent with professional and Medi-Cal standards of care and record keeping.
- Work as a member of a treatment team, including dual supervisors.
- Attend program and agency staff meetings as scheduled.
- Other duties as required.
